

# BUILD YOUR OWN EYE GAZE FRAME

**Materials:** All materials should be found in the plumbing aisle of your local hardware store.

- (1) 10' length of PVC pipe
- (4) 90 degree 1/2" Elbow Joints
- (2) 1/2" 'T' Joints
- (2) 1/2" End Caps
- (1) pvc cutter (optional)

1) Cut PVC pipe as follows: (3) 20" lengths, (2) 2 3/4" lengths, (1) 11" lengths, (2) 8" lengths  
*\*Many hardware stores will cut for you.*

2) Assemble the frame according to the following diagram:
